

Hi Jay,

Can't thank you and your team enough for the fabulous day our students had on Wednesday.

They are still buzzing with excitement. I thought that the size of the hill and Tremblant village would impress them, but what impressed them the most was the instructors. Each student told me how great their instructor was, and how sad they are that they won't see them again.

I was impressed with the care and professionalism that the gappers showed with the students. Spending 5 hours with children can be exhausting, and it's easy to lose your patience. I saw sights that warmed my heart. The positive interaction and attention that the kids received will stay with them forever. The gappers were fantastic role models for the students. Now all the kids want to be ski instructors!

Thanks again for giving REMS students this opportunity. You have no idea the impact it has had on all of them.

**Sincerely,
Tammie**
